PROFESSIONAL EXPERIENCE

Westly Foundation Volunteer -> Intern (Summer 2022- 2023)

Research Assistant (seasonal)

- Helped plan and set up annual Westly Prize events
- Organized philanthropy organization details using Excel
- Reviewed and summarized potential candidates
- Helped plan out social media strategies and website lay-out

Guzik Technical Enterprises -> Software Engineering Intern (Summer 2024)

Backend Developer

- Worked on fixing and developing a website that (real-time) measured data from a company-made digitizer
- Website helped colleagues measure the data they needed to obtain for daily tests
- Worked on making the website run faster and more efficiently
- Worked on the front-end look of the website

Hack4Impact Developer (2024 -Ongoing)

- Working with nonprofits in San Luis Obispo to provide software solutions to problems they face
- Worked in a team of 4 UX/UI designers, a product manager, and 12 other developers
